

Congrats on scoring a free gift! Here's how you can download and install it.

Apple:

1. First off, open iTunes on your computer. (By the way, ringtones are known as 'Tones' in iTunes!)
2. Go to Preferences, then click General and make sure that Tones is checked. The Tones folder should then appear under your music library.
3. Download your ringtone into the Tones folder.
4. Connect your iPhone and then hit Sync to upload the ringtone to your phone.
5. Grab your phone, open Settings, and click Sounds
6. Scroll through your ringtones until you find and select your new Pokémon tone!

Android:

1. Connect your Android to your computer
2. Open your File Folder for your phone
3. Find the Ringtone Folder (or create one!) and open it
4. Drag and Drop your Ringtone Folder to the Ringtone Folder on your phone
5. Go to Sound Settings on your phone
6. Select Sound and then hit Phone Ringtone
7. Scroll through and select your Pokémon ringtone! If you don't see your new ringtone, try restarting your phone.
